

# Certification Course in **SAFE PRESCRIBING**

(Course Duration - 1 month)

# Introduction

The Certification Course in Safe Prescribing is a 1-month online course, featuring e-learning material co-authored by **E-integrity, NHS UK**, and the **Academy of Medical Royal Colleges** for doctors seeking to build expertise in Safe Prescribing. This program, with 4 modules and 4 chapters, explores highest training standards, raising awareness of prescription errors and equipping doctors with essential information for writing safe prescriptions, offering a comprehensive approach to safe prescribing.

# About OC Academy

OC Academy is India's leading online upskilling platform for doctors. In collaboration with 35+ global institutes and 20+ hospitals, OC Academy curates industry-specific short term and long term courses, fostering a community for medical upskilling. Our online programs, designed to meet the evolving demands of the medical field, prioritise quality, accessibility and flexibility. OC Academy envisions a future where healthcare professionals in India have unparalleled access to transformative education, driving excellence in patient care.

# Certificate

Upon completing the programme, you will receive a “certificate of completion”.

# Teaching Methodology

Experience dynamic learning with content modules within the e-learning materials curated by expert doctors from internationally acclaimed institutions. Exploring concurrent topics and chapters at one's own pace, with guidance from the latest insights of industry professionals, ensures a comprehensive understanding of the specialty.

- **Interactive training:** The teaching methodology prioritises interactivity, with reading material authored by practising clinicians featuring content to enhance learning.
- **Global relevance for clinical trainees:** Designed to benefit clinical trainees worldwide, this program utilises scenario-based learning to improve skills in safe prescribing.
- **Practical scenario-based learning:** Participants engage in virtual ward simulations, practising history reviews, examinations, management planning, and outcome assessments for improving skills in safe prescribing.
- **Convenient online accessibility:** This certification course allows studying from anywhere, facilitating quality e-learning material co-authored by prestigious institutions like the Royal College and NHS UK.

# COURSE CURRICULUM

# Certification Course in Radionuclide Radiology

- Module 1 | Prescription Basics
