

Post Graduate Program in Paediatric Neurology

Post Graduate Program in Paediatric Neurology

Introduction

Elevate your expertise in paediatric neurology with OC Academy's intensive Post Graduate Program. Designed for practising physicians and specialists, this comprehensive course combines a 9-month online curriculum with a 3-month clinical experience, providing a robust foundation in diagnosing, managing, and treating neurological disorders affecting children. This program facilitates the development of critical skills essential for delivering advanced care and improving patient outcomes.

The program has two distinct components, each offering a unique and valuable perspective on paediatric neurology management, as explained below:

1. Advanced Interactive Program

The program features a rigorous and evidence-based curriculum designed to provide in-depth training across paediatric neurological conditions. Professionals will acquire advanced knowledge and refine their clinical reasoning skills through a blend of didactic lectures, case-based discussions, and interactive learning modules.

Key Topics Covered:

- Acute Bacterial Meningitis
- Cerebral Palsy
- Tuberculous Meningitis
- Neural Tube Defects
- Acute Febrile Encephalopathy
- Encephalitis Mimics

The curriculum is accredited by CPD, ensuring the highest quality education and global recognition in paediatric neurology.

2. Clinical Training

3-month observership, providing professionals with hands-on experience in leading hospitals and specialised neurology centres across India. Learn from experts and gain exposure to diverse clinical scenarios in neurology among children.

Our Network of Excellence with Top-Tier Hospitals

Learn from Renowned Industry Experts

Course Director

Dr. Baldev S. Prajapati

MBBS, D. Paed; M.D.
(Paediatrics), FIAP, MNAMS,
FICMCH

Dr. Prajapati, an esteemed paediatrician with over 37 years of experience, is renowned for his exceptional patient care and significant contributions to the field.
